Nicosia, Cyprus

Achievements/Tasks

- My main duties include Analysis and Systems design, expanding and testing of existing systems. Flowchart development and Data modeling. Software development and expansion. Applications control handling and upgrade. Pobleem solving and Technical support

Lifeguard

Municipal Swimming Pool

05/2019 - 08/2019

Nicosia

Largest pool in Nicosia

Achievements/Tasks

- Saved a life (CPR Technique).Man drowned and stayed at the bottom of the pool. Spotted by my colleague and dragged out by 3 other people and although it took 31 chest compressions, i've manage to bring Mr. Vorkan back to the world of the living. At that moment i knew i could work under pressure.
- I have developed the leader spirit over my job there as i had to take action, fast and efficient. I lead a team of 5 and carried out all the important actions that needed to be done in order to save that person in the incident above.

Mandatory Military Service
